

“Bank the Food”

The Well’s food bank is now registered with an online app called “Bank the Food”.

It enables us to keep an up to date list of items needed in the food bank which anyone using the app can access via their smart phone.

We list items as “running low”, “in urgent need” or “well stocked”. We also list our collection points.

If the app is on when a user passes close by a collection point, it will send them an alert on their phone telling them what items we need. N.B. the user can disable this function.

The user is also able to access the shopping list at any time and can set their own goals for making donations.

Find out more and download the app here: [What is BanktheFood?](#)
